Dear Parent/Carer,

With the recent move back to distance learning, we have been made aware that this may be a challenge for some families due to a lack of suitable devices which can support your child in their learning.

As a school, we have a limited number of devices which can be made available to loan families where necessary, but the devices would be prioritised and allocated on an essential needs basis. If you are having problems accessing online work due to lack of a suitable device, I would strongly encourage you to complete this questionnaire to make an application. Please be aware that an application DOES NOT guarantee a device will be allocated.

If your application is successful, devices will only be loaned on completion of a contract of agreement between yourselves and the school which outlines what we will provide and what we would expect in return. The loaned devices can only be logged onto via Hwb and will limit what your child can access.

Please note that if you receive a school device and your child does not engage with the online learning activities, the device will be recalled and offered to someone else. The purpose of the loan of the devices is to support access to online learning activities set by the school only.

The link for the loan of devices is:

Yours sincerely,
